

March 1, 2010

Dear families,

Our trip to the Library worked well and we especially enjoyed the Police Officer coming right to our room. By stopping the East-West Highway traffic, we could cross directly over the highway. I encourage you to take your child to your neighborhood library regularly and read, read, read with him/her. Reading a story is a wonderful way to calm a child for a night of good rest.

The Bible story is taken from Matthew 21: 7-11 and 14-16. Jesus loves all people and took all their sins on Himself, we then praise Him for what He did for us. The children also praised Jesus as He rode into Jerusalem.

The Science unit is about woods animals. Though we have very "few woods animals" to observe closely, our books, posters, pictures, stories, etc. will help us to come to an understanding of who they are and how they live. We will plan a trip to the Nature Center soon which will build our knowledge.

Next Week Tuesday Pancake Lunch!

We will add measurement to our regular math activities.

We will read books by Dr. Seuss this week and in conjunction with it will be cooking "green eggs" (scrambled eggs with green food color).

Tuesday is an Open House day. If you have a friend or relative who might be interested in our Christian education please let them know about us.

We are practicing with all the students of our building for our singing at Trinity on Sunday at 10 A.M. Our school began at Trinity and that congregation has supported us well. I do hope you can join us in that service of praise to our God.

Thursday is "Scarf Day" as we are celebrating Lutheran Schools this month. We also will have the teens of Walther Lutheran High School here to sing for us. This choir from Chicago will also perform Friday evening, 7:30 here at Redeemers. All are welcome!

In Service to my Lord and you,  
Mrs. Corvaton
